

The PSPMF Steering Committee has agreed to support the concept of vendor presentations at annual Forums to help cover the costs of hosting the event.

The following criteria have been developed in order to sustain the integrity of the Forum and standardize future vendor selections.

Vendors will agree to the following:

- Vendor has agreed to cover the cost of the item sponsored for the Forum.
- Vendor has agreed to NO aggressive marketing of company, product, sales person, etc.
- Vendor has agreed to not contact participants from the forum unless requested by them personally.
- Vendor will supply the host (who will copy to the Committee) any intended presentation prior to the Forum for review of content (presentation not to exceed the agreed duration).
- Vendor's presentation content aligns with the theme of the Forum.
- Vendor is known by the host or will be interviewed by host.
